

## System Overview

The FeverScan M3000P02 is a dual vision portable thermal imaging camera. As target pass the camera head, thermal and visual images are displayed on the nearby monitor. Target temperature above a predefined value is displayed.

FeverScan M3000P02 is a portable version that maintains the key features of our M3000P series. It has thermal and visual sensors creating a dual head camera. The dual thermal/visual comparison allows operator easier/faster monitoring for target temperature.

## Product Facilities

## Key Features

- Potable Device system for easy monitoring
- Preset values for abnormal temperatures
- High resolution 384 x 288 FPA.
- Adjustable color palette for temperature range display
- Temperature measurement in same screen
- Customizable high-temperature alarm
- Log file alarm data records
- Adjustable Image brightness and contrast
- Advanced setting available. SD compact memory

## Portable Economic Digital

## Specifications

### Thermal Camera

<b>Lens</b>	FOV: 24° x 18°
<b>Focal Plane Array</b>	Micro-bolometer, 17um pitch
<b>Image Frequency</b>	60Hz (NTSC) or 50 Hz (PAL)*
<b>Spectral Range</b>	8 -- 14 μm
<b>Number of Pixels</b>	384 x 288
<b>Sensitivity</b>	0.05°C @ 30°C
<b>Image output</b>	Video, and digital

### Software User Interface

<b>Data Display</b>	640 x 480 on screen/processing
<b>Visual Alarm</b>	User definable temperature scale and alarm trigger point
<b>Alarm Function</b>	Ignore Mode or Save Alarm Mode Sound/Visual//network alarm (saves images to hard drive and creates log file for easy retrieval and review)

**Visual Camera** 3MP high resolution

\* Any image frequency above 9 Hz requires an export license.

#### WARNING AND CONDITIONS OF USE OF THIS PRODUCT

1. This product is not a medical device.
2. This product is intended for general public use.
3. This product is marketed only to the general public for general, non-medical purposes, such as use in construction and other industrial applications only.
4. These products are not intended for use in the diagnosis of disease or other conditions or in the cure, mitigation, treatment, or prevention of disease, when marketed for these non-medical applications
5. U.S. Food and Drug Administration (FDA) medical device requirements do not apply to this product.
